Ironmaster Cable Tower Attachment Assembly and Use Instructions

The Cable Tower Attachment is designed to connect to the Ironmaster Super Bench to allow upper and lower pulley cable work. It has a unique weight carriage that allows the use of the Ironmaster Quick-Lock Dumbbells to be the weight source or it will also work with Standard or Olympic style plates. The system capacity is rated at 250lbs.

Congratulations on your purchase of this fine Ironmaster product. The following instructions will help you assemble the unit and provide some details on use as well. The only tools required are two adjustable wrenches. Unpack all parts and make sure you have received all the parts as shown on the exploded view drawing and parts list. If you are missing anything or need anything, please contact Ironmaster right away and we will assist you. 800-533-3339.

final step.

dome cap #12 and washer #8 as shown in exploded view. Note: There are 3 height positions available so you can select the most comfortable height for the leg hold down.

washer #3. Push FOAM PAD SPACERS #14 on first then

Step 4: Install ROUND TUBE #18 using bolt #5 and

the FOAM ROLLER PADS #13. Secure with bolt #7,

0 0

Step 9: Adjust the cable tension by screwing in the adjustment screw to remove the slack in the cable. Lock the position with the lock nut to the BASE FRAME #9.

Note: It will be necessary to readjust this screw after some use of the cable system. Adjust as needed. It is recommended to set some weight on the CARRIAGE #23 to pretension the cable before adjusting.

11a Step 11: If you plan to use Olympic style weight plates on the weight carriage. you can install the 2 included OLYM-**PIC SLEEVE** ADAPTERS #28 0 6 **Olympic Sleeve** as shown. Secure with the set Adapter screws. Push on the rubber rings #29 as bumpers. STANDARD 20.4 45 KGS LBS BARBEI Olympic Sleeve Adapter

Step 10: If you plan to use the Ironmaster Quick-Lock Dumbbells as the weight source on the carriage, install the CARRIAGE DUMBBELL ADAPTER #24 using bolt #6 with the Allen wrench as shown.

Important:

Be sure to check and tighten all bolts before use. It will be necessary to use a wrench to hold the nuts when tightening the Allen bolts on the Pulleys.

Difficult to connect or remove Super Bench on Tower	The height of the stub may need to be adjusted to line up well with the bench receiving tube. Loosen the stub mounting bolts and adjust then tighten.Use some silicone lubricant on the stub.Uneven floor or thick carpet can cause some difficulty sliding the bench onto the stub. Consider using on a different flooring surface or in a move level area.
Tower tilts or tips over	Be sure to only pull the cables in line with the bench and not sideways. Try using a lighter weight when not seated on the bench or when pulling while not braced against the unit.
Weight carriage does not slide smoothly	It is important to use plain silicone lubricant. Do not use WD-40 or other oil based lubricant. Clean off the slide rail with a dry clean cloth before ap- plying silicone spray to remove any buildup. Be sure the carriage is installed in the correct position as per the assembly instructions and diagrams.
Cable comes off the pulley wheel	Check that the tension of the cables is correct with no excess play. Adjust with tension bolt as needed. Do not slam weight carriage or let go of the handle causing the carriage to bounce off the spring. If the cable comes off a pulley, remove all the weight form the system and carefully lift the cable back into the pulley wheel .
Weight carriage slams at the top	Adjust your position during exercise to change the range of motion. Use the included chain to extend the rage if necessary.

PARTS LIST FOR IRONMASTER CABLE TOWER ATTACHMENT

No.	Description	Qty	Detail
1	Bolt - M10x70	7	Chrome
2	Nut - Nylon insert 10mm	6	Chrome
3	Washer - 10mm	18	Chrome
4	Bolt - M10x20	8	Chrome
5	Bolt - M10x25	1	Chrome
6	Bolt- Allen Head M10x35	2	Black
7	Bolt- Allen Head M8x25	2	Black
8	Washer - M8	2	Chrome
9	Base Frame	1	Powder coated grey
10	Bench Connecter	1	Chrome
11	Front Bracket	1	Powder coated grey
12	Plastic Dome Cap	2	Black cap for foam roller pads
13	Foam Roller Pad	2	Black Neoprene
14	Foam Spacer Pad	2	Black rubber - small
15	Rear Low Pulley Bracket	1	Powder Coated Grey
15a	Cable Pulley	7	Black plastic
15b	Allen Bolt –M10	7	Black finish
15c	Nut-Nylon insert 12mm	7	Chrome
16	Spring	1	Chrome
17	Slide Rail	1	Powder Coated Grey
18	Round Tube - 1" dia.	1	Powder Coated Grey - foam roller pad holder
19	Lat Pull Down Handle	1	Chrome
20	Chain	1	Chrome
21	Front Tube Upright	1	Powder Coated Grey
22	Snap Hook	3	Chrome
23	Weight Carriage	1	Powder Coated Grey with slide bushings
24	Dumbbell Adapter	1	Powder Coated Grey
25	Top Pulley Bracket	1	Powder Coated Grey
26	Front Cable	1	76" long with rubber stop
27	Rear Cable	1	130.5" long with rubber stop
28	Olympic Sleeve Adapter	2	Plastic Black, 2" x 9"
29	Rubber Bumpers	2	Ring for when the Olympic sleeves are used
30	Idler Pulley Housing	1	Powder Coated Grey

Warranty Information:

Ironmaster warrants to the original purchaser that this Home Fitness Product will be free from defects in workmanship and materials for a specific period from date of purchase based on the part type listed below. During the warranty period, Ironmaster will either repair or replace, at its option, defective part(s) at no charge. Warranty covers in home use only.

1 year for normal wear items such as rubber, upholstered parts and surface finishes. 2 years for cables.

10 years for frame and structural components.

Shipping costs are not included in the warranty and some items may need to be sent to Ironmaster for repair or replacement. Installation of any parts and labor involved is not included. The warranties described above shall be the sole and exclusive remedy available to the purchaser. Correction of defects, in the manner and for the period of time described above, shall constitute complete fulfillment of all liabilities and responsibilities of Ironmaster to the purchaser with respect to the product, and shall constitute full satisfaction of all claims, whether based on contract, negligence, strict liability or otherwise. In no event shall Ironmaster be liable or in any other way responsible for damages or defects in the product which were caused by repairs or attempted repairs performed by anyone other than Ironmaster or Authorized service Contractor. This warranty shall not apply if the defect was caused by misuse, neglect or normal wear and tear of the product purchased. Nor shall Ironmaster be liable or in any variable for any incidental or consequential economic or property damage. Some states do not allow the exclusion of incidental or consequential damage, so the above exclusion may not apply to you.
